What do you like best about this course?

These comments are intended for all instructors.

Comments
The material.
I liked the lectures the best.
The best part about the course was the uniqueness of the properties of numbers that I was previously unaware of.

If you were teaching this course, what would you do differently?

These comments are intended for all instructors.

Comments
Nothing.
Nothing.
Honestly, there's not anything to realistically have done differently. The course was structured very well.

In what ways, if any, has this course or the instructor Robert Dougherty-Bliss encouraged your intellectual growth and progress?

These comments are unique to the instructor Robert Dougherty-Bliss.

Comments
Encouraged discussion during class time about topics and encouraged students to learn and research class topics beyond what was just taught in the class.
He often talked about branches of mathematics. I then took an interest in those topics.
Robert was fantastic as a teacher. I've taken many many courses at Rutgers most of which have been math and he's definitely top 3 all time for me. His behavior in class and his ability to teach has given me a lot of confidence to perform well in his class and has given me the confidence to continue learning on my own. He truly was a fantastic teacher.
Robert made the material very digestible and interesting, and was a great instructor.
